TEJAS G S

Mobile No: 7019515970

Gmail id : tejasgs.gghalli@gmail.com

Carrier Objective:

To obtain a creative and challenging position in an organization which gives me an opportunity for self -improvement and attain leadership qualities, while contributing to the symbolic growth of the organization (with my Technical and Logical skills).

Professional Training

- **Completed Software Testing** Training in **Q-Spiders**, Bengaluru.

Professional Summary:

Selenium:

- Expertise in **Selenium WebDriver Automation Tool** in **JAVA** platform.
- Expertise in automating web Application using **Selenium hybrid framework**.
- Expertise in **Selenium Architecture, Java-Selenium Architecture**.
- Proficient in writing different **Locator strategies**.
- Involved in writing **automation test scripts** for Regression testing using frame work.
- Expertise in handling **Dropdowns, Pop-ups, Mouse hovering, frames, windows** etc**.**
- Extensively used **JavaScriptExecutor**.
- Expertise in Taking WebPage screenshots by using **TakesScreenshot**.
- Proficient in using **Synchronization** (Waits) to synchronize between application loading speed and the test script execution speed.
- Expertise in Unit Testing Framework tool using **TestNG** (Annotations, Batch, Grouping and Parallel Execution).
- Extensively used **POM** design pattern for the fast development of test scripts and also to handle StaleElementReferenceException.
- Proficient in using **Assertions** to validate the test script's expected result.
- Exposure to **GitHub** for maintaining the automation framework in the remote repository.
- Implemented **OOPs** concepts in **Selenium Automation Framework**.
- Used Apache **POI** Library to get data from external Excel sheet.
- Knowledge in executing selenium test scripts using **Jenkins** (on demand, on schedule, Poll SCM).

Core Java:

- Implemented **OOPs** concepts like **Inheritance, Encapsulation, Polymorphism,**

Abstraction, Type casting, Class and Object in Selenium Automation Framework.

- Expertise in **Array**, **Collection and String etc.**
- Familiar with **exception handling**.
- Good understanding of **Constructor**, **Constructor overloading**, **File handling** etc.
- Knowledge on **JDBC.**

Manual:

- Good understanding of Software Development Life Cycle (**SDLC**) and Software Test Life Cycle (**STLC**).
- Hands on experience in performing **Smoke, Functional, Integration, System and Regression testing.**
- Good knowledge in **Performance** testing, **Globalization** testing **and Acceptance** testing.
- Hands on experience in Deriving **scenarios,** converting those Scenarios into **Test cases** Using **Test case design techniques** in **TestRail tool.**
- Proficient in **Bug / Defect life cycle and requirement traceability Matrix (RTM).**
- Involved in finding **bugs** Using **Jira.**
- **Hands on Experience in Adhoc** testing to test the application from the **user point of view** and to find more number of Defects.
- Knowledge on **Agile Meetings** like **Sprint planning, Scrum, Bug Traige, Sprint Retrospective** and **Release retrospective Meeting.**

SQL:

- Good understanding of RDBMS concepts like **Data types**, **Constraints**, **Normalization** etc.
- Knowledge in SQL commands - **DDL, DML, DQL, TCL and DCL.**
- Good in concepts like **Functions, Sub queries, Co-related sub queries, etc**.
- Familiar with **Joins**.
- Practiced **queries** extensively on **oracle 11g data base.**

TOOLS AND TECHNOLOGIES:

- **Web Application Automation testing Tool** : Selenium
- **Programming Language** : Java
- **IDE** : Eclipse , IntelliJ IDEA
- **Unit testing Framework Tool** : TestNG
- **Defect Tracking Tool** : Jira
- **Test Case Management Tool** : TestRail
- **Build Management Tool** : Maven
- **Version Control Tool** : GitHub
- **CI/CD Tool** : Jenkins

Education details:

Completed Bachelor of Engineering from **Visvesvaraya Technological University,**

Belgaum.

Declaration:

I here by declare that all the information furnished above are true to the best of my Knowledge.
